LASKER TO MEET
MARSHALL HERE

Chess Master Will Play
Ninth Game for World's
Title Tomorrow.

WILL GO TO CHICAGO NEXT

One of Two Games to Be Played There,
and Last of Series in New York.
Concerning the Contestants.

Prof. Emmanuel Lasker, the chess champion of the world, arrived in Washington yesterday and, together with the officials of the Washington Chess, Checkers and Whist Club, made arrangements for the playing of the ninth game of chess for the world's title with the challenger, Dr. Marshall, in this city.

The game, which will start tomorrow afternoon at 2 o'clock in the Arlington Hotel, will be the ninth of the series. Six have been played in New York and two in Philadelphia. The champion won three in Gotham and one in Philadelphia, while four of the contests were drawn and will not count in the reckoning. The play is to continue until one of the two has won nine games.

Go to Chicago From Here.

After Saturday's contest the men will go to Chicago, where they will play one or two games, this to be decided later. Memphis will be the next stopping place, and if neither has won the required nine games, they will fly back to New York, where they will play out the series.

Washington enthusiasts of the silent game are very much pleased that the District is given the privilege of seeing probably the two most strategic chess masters in the world pitted against each other. The local organization has made extensive arrangements to accommodate the crowd that is expected to be on hand tomorrow.

A Few Words About the Men.

Just a few words about both men will not be amiss at this time. Lasker won the world's title from William Steinitz twelve and one-half years ago, after the latter had held it for twenty-four years. The present title holder was the undisputed holder of the honors at the conclusion of the series.

While Marshall is accorded the championship of the United States, he is not a champion in the strictest sense of the word. The late lamented Harry Pillsbury, an exceptionally young man for his years, had little trouble defeating all comers in this country, and as long as he lived there was no doubt as to the ownership of the title. After his death, Brooke, a man of no mean ability, was accorded the honors, since, in the opinion of the majority of the best experts, he was the nearest man to the home of chess. When Marshall defeated Brooke some time ago, the latter was accorded the title, and was picked by American experts as the strongest man to challenge the right of Lasker to the championship of the world.

AUTOISTS AROUSED
OVER GOOD ROADS

Much Interested in Meeting
of American Road Makers'
Association.

NEW YORK, March 1.—Automobilists are greatly interested in the fourth annual convention of the American Road Makers' Association, which will be held in Carnegie Hall, Pittsburgh, on March 12, 13 and 14. Governor Stuart is working for the success of the convention, and in a letter to the chief executives of other States, says:

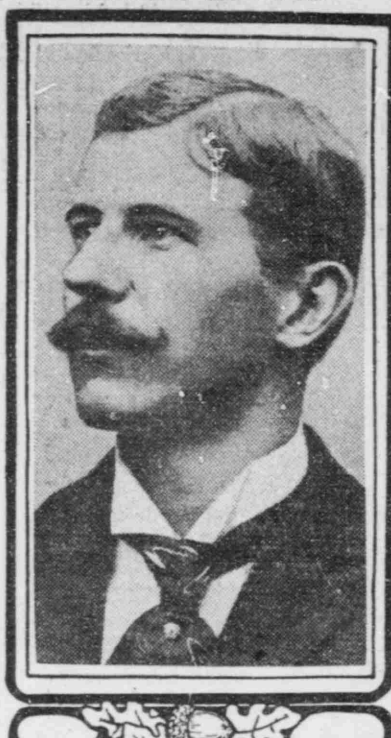

"The progress of highway reform has made very rapid strides during the past few years. The question of transportation is most important, and it is therefore felt that the States which have adopted some definite plan of supervision and State aid should disseminate the result of their experience as widely as possible for the benefit of the other States. The State of Pennsylvania has made appropriations for this work and the selection of one of our cities for the meeting place of the American Road Makers' Association is very gratifying. There will be present at this convention expert road builders of national reputation, who have studied the science of road building from an economical standpoint and along the most intelligently improved methods. The value of their experience and special knowledge cannot fail to be of incalculable benefit to all who may attend this convention."

S.S.S. PURELY VEGETABLE

Not only is a medicine valuable for its ability to cure disease, but the way in which it affects the system is a very important factor. When the system is infected with the germs of disease as in Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, etc., every particle of its recuperative strength is needed to assist in eliminating the poisons and impurities which are causing the trouble. It should not be dosed and treated with strong mineral mixtures and concoctions that further add to the burden, by disagreeably affecting the bowels, producing indigestion, or eating out the delicate linings and membranes of the stomach. The absolute vegetable purity of S. S. S. has always been one of the strongest points in its favor, and is one of the principal reasons for its being now the most widely known and universally used blood medicine on the market. It is made entirely of healing, purifying roots, herbs and barks of the forests and fields. These are selected for their well known curative properties, and are known at the same time to possess the qualities to build up and strengthen every part of the system by their fine tonic effect. Not only is S. S. S. the king of blood purifiers, but it is the one medicine that may be taken with absolute safety by young or old. We guarantee it non-injurious and offer a reward \$1,000 for proof that it contains a particle of mineral in any form. S. S. S. is a safe and reliable treatment for Rheumatism, Catarrh, Scrofula, Sores and Ulcers, Skin Diseases, Contagious Blood Poison, and any and all diseases arising from a poisoned or impure state of the blood. It goes to the very bottom of these troubles, removes every trace of disease, enriches and builds up the blood and permanently cures where mineral medicines fail. If you are suffering with any form of blood disease write for our book on "The Blood" and ask for any medical advice you may desire; no charge for either.

WINNING AT POOL

WILLIAM WENRICK,
New York Expert, Champion of Pennsylvania, Entered in Great Southern Handicap at National Hotel.

FRANK CADETT EASY
MEAT FOR WALLACE

Decided to Replace Defeated
Man With Bernie Hardin.
Wenrick-King Tonight.

Frank Cadett got his last night in the Great Southern Handicap pool tournament, at the National Hotel, when Walter Wallace, the Virginia champion, beat him 100 to 47 and at times made him look foolish. Cadett had already been badly beaten by Edward King, of Pittsburgh, and after the wallowing he received last night it was decided to take him out of the tournament.

Cadett's place will be filled by Bernie Hardin, who was the champion of Washington until Frank Sherman broke into this city and showed that he outclassed all the local talent. It was also decided to throw out both of Cadett's games, and Hardin will start with a clean sheet.

Wenrick vs. King Tonight.

Tonight William Wenrick, the Pennsylvania champion, will play Edward King, of Pittsburgh, and there should be a lively session. Wenrick has such a good opinion of his own ability that when it was made a handicap tournament, with Frank Sherman as scratch man to make 125 balls to 100 by 1 of the other entries, Wenrick thought he should also start from scratch, on even terms with Sherman, and get a bonus for so doing. He has a large following and his contention was well supported by his friends, but the management could not see two scratch men in the same tournament, and Wenrick will have his little twenty-five-ball handicap over Sherman when they meet.

King is chiefly distinguished for his absolute cold-bloodedness in emergencies when playing, and it was this coolness which enabled him to beat handsomely a few days ago after getting a most discouraging start.

Sheridan Makes Bow Tomorrow Night.

Sheridan will make his initial appearance in the tournament tomorrow night, when he goes against Joe Todd, the New Jersey champion on the 125 to 100 balls basis. Sheridan has beaten Todd before, but not by a wide enough margin to make it by any means certain that he is 25 per cent better than the Jerseyman, who is a professional of long experience. They will begin at 8:15.

SHERIDAN BREAKS

56-POUND RECORD

TROY, N. Y., March 1.—The big Olympic athletic meet in the armory Wednesday night was a great success. Sheridan, the all-around performer, and Bonhag, the long-distance runner, were the stars. Sheridan created a new record for the 56-pound weight throw for height. His throw of fifteen feet and seven inches was done at the second attempt and it appeared as if he could have done better.

Bonhag was credited with nine minutes eight seconds in the two-mile run, but a mistake was made in sounding the bell for the last lap and the actual journey was really 150 yards short.

Union's Consistent Work
Gives Team a Big Lead

Foundry, However, Has Fighting Chance for
Sunday School Bowling Honors—Mt.
Pleasant and Calvary Close After
Third Place.

The consistent work of the Union bowlers makes it clear why that team keeps her lead in the Sunday School League. Foundry, with two postponed sets to roll, is in the race to the very end, and with one or two more men like Sherwood, might easily forge ahead.

Mt. Pleasant and Calvary are having a fight for third place, and in view of the new material Calvary has taken on, the 21 points separating the two teams will likely melt to nothing.

Western Drops From League.

Western will not bowl in the league again this year. Her place is occupied by Bruce Bielaski's North Capitol bowlers, who have won two of four games played. Bethany has increased her figures, though not her position.

Union has bettered her team average considerably, and now leads by 42 pins per game. About 5 pins separate Foundry from Calvary.

Among the individuals, Goodman easily leads, for Field and Bielaski cannot bowl enough games to challenge him. Hilton and Sherwood are practically tied, the former lacking Goodman's total count by 51 pins.

After Sherwood there is quite a drop before the next man, Smith, of Calvary, appears. Besides ranking fourth among the established eligibles, Smith leads in the contest for high set. It is hardly likely that 634 will be beaten this year in the Sunday School League.

Hilton's 244 is high individual score. The following figures include all of the February games:

COLUMBIA WON'T
MEET PENN TEAM

Cancel Relay Match in Hopkins Games — Mulligan Is Barred.

The two-mile relay race between the University of Pennsylvania team and the Columbia University, which was scheduled for tomorrow night at Baltimore, was called off yesterday by the Columbia track men, and Penn now has no hope of meeting the New York team.

The two-mile team at Columbia defeated the Penn team last year on two occasions, and the Red and Blue men were anxious to win back their laurels.

Columbia did not give any reason for calling the race off at Baltimore, and Mike Murphy is at a loss to understand its action. Instead the Penn team will be entered in a one-mile handicap on Franklin Field tomorrow afternoon in order to enable Murphy to get a line on his distance men.

Race for Georgetown Meet.

Two relay races have been arranged with the Cornell track team. The first will be at the Georgetown meet on March 2, the meeting being held in Washington. On this night Penn will send its two-mile team against the Cornellians, and this will decide the championship for two-mile relay teams, Penn having defeated all its opponents this year. On March 12 the one-mile relay team will compete against the Ithacans at the New York Athletic Club games, the meet to be held in New York.

On this same night John Taylor is matched to run Harry Hillman, of the N. Y. A. C., a 600-yard dash in order to settle the supremacy for this distance. Taylor defeated Hillman at the Irish Athletic Club games at this distance by a scant margin. This will leave a place vacant on the relay team.

Mulligan Is Barred.

Mulligan, formerly of Georgetown, who is a freshman, has also had to withdraw from the one-mile relay team because of Dr. Smith's edict preventing freshmen from competing on relay teams against other colleges. Castmell, Witham, and Benschack will make up the team with another man to be picked. Mike Murphy is paying a good deal of attention to the relay men who are running the quarter, and expects to have a team which will win the one-mile relay race at the relay races, held on Franklin Field in April, and an attempt will be made to go after the record established by Yale three years ago.

EASTERN LEAGUE SCHEDULE

IS FORMALLY ACCEPTED

The official schedule of the Eastern Baseball League was announced last night.

Great effort was made by P. T. Powers, president of the Eastern League, to apportion the games this year so that all the teams in the organization should have the benefit of the special holiday dates which occur throughout the season.

The league will begin to play its schedule April 25. The total number of games for the season will be 160, and they will be played within a time limit of five months, the season expiring September 24.

ALOYSIUS JUNIORS

GETTING AMBITIOUS

The Aloysius Junior Club, which ran a close second in the Federal against many odds, has entered the Johns Hopkins meet and will leave on Saturday afternoon for Baltimore.

The four will be entered in the Georgetown meet, but desires a special match.

The team will be: John Reed, Fealy (captain), Le Roy Van Reulb, and J. Babington.
